Dear W.J. Berezowsky Public School Community,

As we step into the month of February, I am thrilled to share some exciting news about an upcoming educational event that will enrich our students' learning experiences.

On Friday, February 16th, SUNTEP (Saskatchewan Urban Native Teacher Education Program) will be collaborating with us to set up engaging science centers for our Grade 3-5 students. This hands-on experience will bring the wonders of science to life, with a specific focus for each grade level:

Grade 3: Explore the fascinating world of magnets.

Grade 4: Dive into the realms of light and sound.

Grade 5: Discover the intricacies of the human body systems.

This interactive and educational initiative promises to spark curiosity and cultivate a love for learning in our students. We encourage parents to engage with their children about these topics at home, fostering a holistic approach to education.

Additionally, I'd like to take this opportunity to remind parents that the staff parking lot is not a designated drop-off or pick-up area for students. Your cooperation ensures a safe environment for everyone. We also urge drivers to exercise extra caution when navigating the streets surrounding our school, especially near the school crosswalk. Many of our students use this crossing, and your vigilance is crucial in maintaining their safety.

As we approach the month of love, mark your calendars for February 14th – Valentine's Day! We hope you all have a wonderful celebration filled with love and joy. Furthermore, I would like to inform you that our February break is scheduled from February 19th to 23rd. Take this time to unwind, relax, and create beautiful memories with your family and friends.

Wishing you all a safe and rejuvenating break.

Warm regards,

Mr. D. Tournier – Principal

Mrs. D. Court – Vice Principal
